

HOW TO SUBMIT A QUOTE

1. Sketch your countertops similar to the example here using the reverse side of this sheet.
2. Mark all edges that require polishing with an 'X' as shown. Mark all others 'Wall' or 'Finished Panel'.
3. Mark the type of range/stove as shown.
4. Mark the type of sink as shown.
5. Measure all sides in inches.
6. Take a photo or scan of your drawing. Visit www.GiadaSurfaces.ca and click on 'Quote' to upload your drawing. OR email it to Info@GiadaSurfaces.ca

TIPS:

If measuring new cabinets, include 1 1/4" overhang from finished doors/drawers/gables OR 2" from the cabinet box.

If your existing countertop has an integrated backsplash, be sure to factor in that thickness. Measurement should be from the wall.
